

DIGIT 75 TRANSPARENT GLOSS – PERMANENT

DIGIT
75

Polymeric PVC Film with a clear solvent-based acrylic adhesive, laminated on a two-sided PE-coated silicone paper liner. The PVC offers excellent dimensional stability.

For hard-to-stick-to substrates such as polyethylene, polypropylene, polycarbonate and ABS.

FEATURES

- Use on flat and slightly curved surfaces
- Long-term, indoor & outdoor
- Wet or dry application

APPLICATIONS

- Window graphics
- Point of Sale
- Buses, trains, trams
